

DECEASED ESTATE / CAPITAL GAINS TAX

Estate Valuation Report

Unit 3, 42 Ironbark Way, Truganina VIC 3029

ASSESSED MARKET VALUE

\$2,285,000Range \$2,190,000 - \$2,380,000
as at 22 March 2025

Valuation date	22 March 2025
Reference	hovr-estate-9029
Prepared for	Priya Raghavan
Prepared by	hovr automated valuation analysis

This is an automated market value assessment produced by hovr's valuation analysis.

Instruction, purpose and basis of value

Instructing party	Priya Raghavan
Purpose	Deceased estate administration and CGT cost base
Interest valued	Fee simple
Basis of value	Market value as defined by the ATO for tax purposes: the price that would be negotiated between a knowledgeable, willing but not anxious buyer, and a knowledgeable, willing but not anxious seller, acting at arm's length in an open market, with adequate time to market the asset to achieve its fair value.
Standard applied	ATO Market Valuation for Tax Purposes (ITAA 1997); Wills Act 1997 (Vic); Administration and Probate Act 1958 (Vic)
Inspection	No internal or external inspection was undertaken. This is a desktop assessment based on documentary and market evidence.

Effective date	22 March 2025
Report date	9 September 2026

GST treatment

Assessed value is	GST-inclusive
-------------------	---------------

Whether the vendor is registered for GST, and whether a sale would be a supply of a going concern, are matters for the parties and their advisers; hovr does not hold this information and has not assessed it.

Executive Summary

ASSESSSED MARKET VALUE

\$2,285,000

Range \$2,190,000 – \$2,380,000 | as at 22 March 2025

Low \$2,190,000				Adopted \$2,285,000				High \$2,380,000			
1,250 m² NLA			8 CARS		Industrial 1 Zone ZONING			30 June 2028 LEASE EXPIRY			

High confidence
3 comparable sales, spread 27% after adjustment.

This assessment concerns a industrial warehouse unit. It has been prepared as a retrospective market value as at the date of death, prepared for capital gains tax cost-base purposes under ITAA 1997 and for the administration of the estate. The adopted value, the assessed range and the confidence grade are stated in the summary elements of this document; the commentary below sets out the evidence and the methods relied on to arrive at them. No physical inspection was undertaken.

Property Identification

Address	Unit 3, 42 Ironbark Way, Truganina VIC 3029
Property type	Industrial Warehouse
Legal description	Lot 3 PS 728194 (fictional)
Title reference	Volume 11983 Folio 402 (fictional)
Registered owners	Ironbark Industrial Holdings Pty Ltd (fictional)
Council / LGA	Wyndham City Council
Zoning	Industrial 1 Zone (IN1Z)
Land area	2,100 m²
Building area	1,250 m²

Net lettable area	1,250 m ²
Gross floor area	1,250 m ²
Passing rent (pa)	\$137,500
Capitalisation rate	5.75%

Tenancy & Lease Summary

Tenant	Broadline Logistics Pty Ltd (fictional)
Lease type	Net Lease — tenant pays all outgoings
Lease expiry	30 June 2028 (3 years remaining + 1 × 3-year option)
Annual reviews	Fixed 3.25% per annum
Outgoings	Tenant pays council rates, single-holding land tax, insurance, repairs

Market Conditions

Industrial markets in Melbourne's west remain the tightest of any commercial segment. Vacancy across the Truganina and Laverton North precincts is low, driven by sustained logistics and distribution demand and limited new completions of small-to-medium format stock. Face rents have continued to rise and incentives remain modest by historical standards.

Site & Improvements Description

The subject is a warehouse and office unit within a modern industrial estate, of concrete panel construction with a clear-span warehouse, container-height roller door access and a two-level office component. Hardstand and awning areas serve the unit. The improvements are in good condition and functionally modern.

Highest & Best Use

The highest and best use is continued industrial warehouse and distribution use consistent with the zoning and the estate's covenants. The building's clearance, access and office ratio suit the prevailing logistics demand in the precinct.

Valuation Methodology

The income capitalisation approach is the primary method: the unit is leased on arm's-length terms to an established covenant and is held as an investment. Market rent has been assessed from leasing evidence within the estate and comparable precincts, capitalised at a rate consistent with published industrial yield evidence for assets of this size and covenant quality. Direct comparison on a rate per square metre of gross floor area has been applied as a secondary cross-check.

Comparable Sales Evidence

Subject marked S; comparable sales numbered as below.

1. Unit 5, 42 Ironbark Way, Truganina VIC 3029
\$2,250,000
Sold 04/2026 | \$1,852/m² GFA | 5.80% yield

1,215 m²
NLA

Same estate, near-identical unit — 8.5 m clearance, 2 loading points. Net lease. Most directly comparable.

2. 18 Foundry Court, Truganina VIC 3029
\$2,760,000
Sold 02/2026 | \$1,865/m² GFA | 5.70% yield

1,480 m²
NLA

Larger standalone unit; superior office component. Adjusted down for GFA superiority.

3. Unit 2, 9 Kestrel Close, Laverton North VIC 3026
\$2,010,000
Sold 11/2025 | \$1,870/m² GFA | 5.85% yield

1,075 m²
NLA

Smaller GFA in adjoining precinct; comparable spec. Indexed forward; adjusted up for GFA deficit.

Rental Evidence & Income Capitalisation

Rental evidence

Address	Rent (pa)	Area	\$/m ² /pa	Leased	Remarks
Unit 5, 42 Ironbark Way, Truganina VIC 3029	\$133,650	1,215 m ²	\$110	03/2025	Same estate — net lease.
18 Foundry Court, Truganina VIC 3029	\$170,200	1,480 m ²	\$115	05/2025	Larger unit; superior office.
Unit 2, 9 Kestrel Close, Laverton North VIC 3026	\$123,625	1,075 m ²	\$115	08/2025	Adjoining precinct — net lease.
27 Ironbark Way, Truganina VIC 3029	\$115,000	1,000 m ²	\$115	02/2025	Smaller GFA; comparable spec.

Income capitalisation

Passing rent (pa)	\$137,500
Market rent (pa)	\$143,750
Rent rate	\$115/m ² /pa
Vacancy allowance	5.0%
Outgoings (pa)	\$6,000
Net income (pa)	\$130,563
Capitalisation rate	5.75%
Capitalised value	\$2,271,000

Market rent adopted at \$115/m²/pa net on GFA (evidence range \$110-\$115/m²/pa). Vacancy & credit loss of 5% reflects the sound covenant and 3-year remaining term. Cap rate of 5.75% sourced from the JLL Melbourne Industrial & Logistics Snapshot Q1 2026 - prime western-corridor range 5.50-6.00%.

Valuation Reconciliation

Method	Basis	Calculated	Weight	Weighted
Income Capitalisation	Net Income \$130,563 pa / 5.75%	\$2,271,000	60.0%	\$1,362,600
Direct Comparison	GFA 1,250 m ² x \$1,850/m ² GFA	\$2,310,000	40.0%	\$924,000
Reconciled market value				\$2,285,000

Income capitalisation is the primary method (60% weight) given the property is tenanted to an established logistics operator with a 3-year remaining term and fixed annual reviews. Direct comparison on a \$/m² GFA basis is applied as a secondary check (40% weight) from three recent western-corridor industrial sales. Both methods sit within 2% of each other (\$2,271,000 vs \$2,310,000); the reconciled value of \$2,285,000 balances the income stream against capital-market evidence.

Low \$2,190,000

Adopted \$2,285,000

High \$2,380,000

Estate, Probate & Capital Gains Tax Compliance

Capital Gains Tax Valuation Context

This report has been compiled strictly in accordance with the Australian Taxation Office (ATO) "Market Valuation for Tax Purposes" guidelines under the Income Tax Assessment Act 1997 (Cth). It establishes either a modern cost-base reset or a historical market value baseline to determine capital gains or losses.

1. Succession Legislation: This report is prepared in accordance with the requirements of the Wills Act 1997 (Vic) and the Administration and Probate Act 1958 (Vic).

2. Market Value Basis (ATO Compliance): In alignment with the ATO's explicit legal expectations for tax liabilities, Market Value is defined as: "The price that would be negotiated between a knowledgeable, willing but not anxious buyer, and a knowledgeable, willing but not anxious seller, acting at arm's length in an open market, with adequate time to market the asset to achieve its fair value."

3. Date of Valuation: The valuation date is as stated on the cover page of this report. Estate and CGT valuations commonly require the value as at the date of death of the deceased, or the date the property first became income-producing. The instructing party should confirm the date shown is correct.

4. Probate & Administration: This valuation is suitable for submission to the relevant Supreme Court or Probate Registry in support of an application for probate or letters of administration under the Administration and Probate Act 1958 (Vic).

Family Law Act 1975 (Cth) — Notice

Where this valuation is used for the purposes of proceedings in the Federal Circuit and Family Court of Australia (FCFCOA) or the Family Court of a State, the valuation has been prepared to meet the requirements of the Family Law Act 1975 (Cth) and the Family Law Rules 2021 (Cth).

Automated Assessment Notice

This valuation estimate has been produced entirely by an automated system and has not been prepared, reviewed, approved, or signed by a registered valuer. No individual's name, credentials, professional registration, or personal judgement applies to this report. The output reflects data-driven analysis of available market evidence only.

Limitations & Assumptions

- This automated estimate is prepared as at the date stated on the cover page only. No liability is accepted for losses arising from changes in value before or after that date.
- This report should not be relied upon for any purpose other than informational reference. It is prepared solely for the use of the named client, executor, administrator, or their legal representatives. It is not a certified valuation.
- No physical inspection of the property was conducted. The assessment is based on market data, comparable sales, property records, and publicly available information.
- Certificate(s) of Title, Lease(s), and planning documentation have not been inspected. It is assumed the property has a clear and unencumbered title unless otherwise advised. Any encumbrances, caveats, easements, or restrictions affecting value may require amendment.
- This assessment assumes the land is free from contamination, hazardous materials, or environmental issues. Should such issues be identified, the estimate may require amendment.

- This report does not constitute legal, financial, or tax advice. The executor, administrator, and beneficiaries should seek independent legal, financial, and taxation advice regarding their obligations under the applicable succession, probate, and taxation legislation.
- The contents of this report are confidential. Distribution is limited to the named client, their legal representatives, the relevant court or tribunal, and any regulatory authority entitled to receive it.

Report generated: 2026-09-09 20:34:25 AEST | Engine: Hovr-AVM v2026.1

General Disclaimer & Retrospective Data Continuity

This report has been generated by hovr (EQED Pty Ltd) using an automated valuation engine. It has not been prepared, reviewed, or signed by a registered valuer. Where a retrospective valuation date is requested, the platform data inputs utilise backdated registry parameters matching that explicit timestamp. No transaction or growth indicator after the designated date has been factored into the calculation engine. This document does not constitute financial, personal, or investment advice.

hovr (EQED Pty Ltd) accepts no responsibility to any third party (other than the named client and their legal representatives) for the whole or any part of the contents of this report.

Assumptions, Limitations & Reliance

Assumptions

- Title is good and marketable, free of encumbrances other than those disclosed.
- Areas and attributes are as recorded in the sources listed in Appendix B.
- No contamination, structural defect or statutory breach is assumed beyond that disclosed.
- No internal or external inspection was undertaken. This is a desktop assessment based on documentary and market evidence.

Limitations

- This automated estimate is current as at the date of assessment only. Values may change and no liability is accepted for losses arising from changes in market conditions after the assessment date.
- This report should not be relied upon after three (3) months from the date of the estimate. A fresh assessment should be obtained if required after this period.
- This is a desktop automated estimate. No physical inspection of the property was conducted. The assessment is based on market data, comparable sales, property records and publicly available information.
- Certificate of Title(s) and/or Lease(s) have not been inspected. If encumbrances materially affect value, this estimate may require amendment.
- This assessment assumes the land is free from contamination or environmental issues. Should contamination be identified, the estimate may require amendment.
- This report is prepared solely for the use of the named client. No responsibility is accepted to any other third party for the whole or any part of its contents.

Valuation uncertainty

Where comparable evidence is limited, dated or widely spread, or where market conditions are moving quickly, a greater than usual degree of uncertainty attaches to the assessed value. The confidence grade stated in the executive summary reflects the evidence actually available at the effective date. A value is a point within a range, not a certainty, and the assessed range should be read alongside the adopted figure.

Reliance

This assessment is prepared for Priya Raghavan as the named client, executor, administrator, or their legal representatives, and may be relied upon by the relevant Supreme Court or Probate Registry, and by any regulatory authority entitled to receive it, for estate administration and capital gains tax cost-base purposes. The contents are confidential and distribution is limited to those parties. It may not be relied upon by any other party, or for any other purpose, without hovr's written consent. A retrospective valuation is made as at the effective date stated on the cover and does not expire in the way a current-date valuation does; it should still be reviewed if the effective date or the interest valued changes.

Independence, Adoption & Signature

Independence

This assessment was produced without human valuer involvement. hovr has no present or prospective interest in the subject property and no personal interest in the parties to the transaction. The fee is not contingent on the value reported.

AI assistance

This assessment was produced by hovr's automated valuation analysis, which gathers and analyses market evidence. No Qualified Valuer has signed it.

This document is an automated assessment and carries no valuer signature.

Appendix A — How This Valuation Was Calculated

This appendix explains, without valuation jargon, how the figure in this document was reached. The technical methodology for a professional reader is in the Valuation Methodology section.

1 Find comparable sales

We look for properties that recently sold and are as close as possible to yours in location, size, type and condition. Recent sales are the best evidence of what a buyer would pay today.

2 Adjust for the differences

No two properties are identical. If a comparable has an extra bedroom, a larger site or a newer fitout, its price is adjusted up or down so it can be compared fairly with yours. A +5% adjustment means the comparable was inferior and its price was increased to reflect your property.

3 Value the income

A tenanted commercial property is also worth what its rent is worth. We take the annual rent, deduct outgoings and an allowance for vacancy to get net income, then divide by the capitalisation rate — the return an investor expects. A lower capitalisation rate means a higher value for the same rent.

4 Reconcile to one figure

Each method gives a value. We weight them by how much reliance each deserves for this property, and the weighted result is the adopted market value shown on the cover. The range around it reflects the spread in the evidence.

Appendix C — Glossary of Terms

Term	Meaning
Capitalisation rate	The return an investor expects, expressed as a percentage of value. Net income divided by the capitalisation rate gives the capital value.
Desktop valuation	A valuation prepared from documentary and market evidence without an inspection of the property.
Direct comparison	Valuing by reference to recent sales of similar properties, adjusted for the differences between them and the subject.
Fee simple	The fullest form of ownership of land in Australia, held without a time limit.
GFA	Gross floor area — the total built floor area of a building.
Market rent	The rent the property would command if let on the open market at the valuation date.
Market value	The estimated amount for which an asset should exchange between a willing buyer and a willing seller in an arm's-length transaction after proper marketing.
Net lease	A lease under which the tenant pays the outgoings in addition to rent.
NLA	Net lettable area — the floor area a tenant occupies and pays rent on, excluding common areas.
Outgoings	The recurring costs of holding a property: council rates, land tax, insurance, and building maintenance.
Passing rent	The rent actually payable under the current lease, which may differ from market rent.
Strata lot	A separately titled lot within a strata scheme, owning the lot itself and a share of the common property.
WALE	Weighted average lease expiry — the average time remaining on the leases in a property, weighted by income.
